Welcome back Lynn,

We have not received anything yet, but Laura Jensen of Roux, informed me we should be receiving something within the next hour. Hope that gives us some time to look before our call tomorrow. They plan on highlighting a few that will need more discussion.

Thanks for checking,
Mike

Mike –

Just wanted to make sure I didn't miss an email while I was out on vacation... Did Roux provide preliminary responses to our comments? It would be helpful to know which comments we will need to be prepared to discuss on tomorrow's call.

Thanks,
Lynn

Subject: FW: Schedule Call to Discuss Soil Background Comments

Hi Mike:

In response to Roux's request for a Thursday call to discuss the Background SAP, both Lynn and I are on vacation starting tomorrow until July 5. As Lynn notes below, there isn't any time critical action needed for the SAP in regards to fieldwork, and it would make the call more productive if CFAC/Roux would draft a response to comments prior to the call, as they have done in the past.

Let me know what you think.

Gunnar Emilsson, P.G., P.E., BCEE

Subject: Re: Schedule Call to Discuss Soil Background Comments

I concur with Lynn about trying to push this to the 5th. However, I am open all morning on the 28th.

Thanks!

-Sean

Subject: RE: Schedule Call to Discuss Soil Background Comments

Hi Gunnar –

I'm out on vacation starting tomorrow through July 4th. If possible, I'd like to suggest we propose scheduling a call on July 5th. There is no hurry from a sampling mobilization perspective to have this call immediately (soil can be collected in late summer/early fall). To maximize the effectiveness of the call, it would be helpful to see their proposed responses (even if still draft) to know which ones require discussion prior to the call and to allow us to prepare for the call.

If they absolutely must have the call this Thursday, Erin could participate on my behalf...but, I think it would be better to push it until a time that I (and you) can participate for continuity.

Thanks,

Lynn

See below. Please let me know about your availability.

BTW, I will be on PTO from tomorrow until July 5. I may be able to join this call as I presently don't have anything scheduled Thursday morning.

Subject: Schedule Call to Discuss Soil Background Comments

Mr. Cirian,

CFAC/Roux are preparing responses to USEPA's comments on the soil scope of the Background SAP. CFAC/Roux would like to setup a conference call with EPA/MDEQ on Thursday morning, June 28th, to discuss the comments. Please let me know your availability for an hour call on Thursday morning.

Thank you,
Laura
